22-23 Cellphone Policy

The use and visibility of electronic devices is prohibited during class time.

- Cell phones and other devices must be put away once students enter a classroom
- Cell phones must remain put away during the full class period-this includes when using hall passes during the class period.

Note: Students may access their phones before and after school, during passing time, and during lunch.

_Student Handbook- Please take the time to read. It contains important information

Parking Passes - Will be sold in the front office the first week of school. Parking passes are $10 which is in line with districts throughout the state. This money will be put back into PHS to support students and educators. Officer Carlson will be checking parking lots to ensure that parking regulations are followed. We will begin selling them the first week of school in the **front** office.

School year door schedule - Our high school doors will be open this year from 7:30 am due to the safety concern of having a mass of students congregating at the doors. This will allow our students who depend on breakfast at school more time to get to the cafeteria and eat breakfast before arriving at class.

Construction and Entrances

Renovations are underway for the new entrance at PHS. Unfortunately, the construction will not be completed at the start of the year so no one will be able to enter through this entrance. Therefore, a temporary attendance office entrance will be located near the doors at the northeast end of the school. Anyone who enters the building between 8:15 am - 3:10 pm, will need to report to the temporary attendance office (room #136) to sign in. Before and after school hours, all other doors will be unlocked for entrance into the building. Main office will still have a secretary as well as counseling and athletics.

The Northmen Den, next to the Media Center, will be open beginning Friday, September 16th for all three lunch periods.
