Elementary School Handbook

Updated August 25th, 2023

Public Schools of Petoskey Mission Statement

The mission of the Public Schools of Petoskey is to advance the education and skills of all students in an equitable manner through the participation and involvement of staff, students, parents, and others in the community.

Dear Parents,

Welcome to the Public Schools of Petoskey! Elementary school is an exciting time for parents and children. During the elementary school years, children are introduced to the world of reading and learn many new things, while parents are oriented to school life. Through communication with you, we hope to develop a partnership that enhances positive growth for your child and helps to ensure success in school.

We hope that this handbook will serve as a helpful reference for you as you learn more about our schools. It is intended for use by students, parents, and staff as a guide to the rules, procedures, and general information about the District. The use of the word “parent” in this handbook means a student’s natural or adoptive parent or legal guardian. Students and their parents are responsible for familiarizing themselves with this handbook, and parents should use the handbook as a resource to assist their children with following its rules and procedures. Students must comply with all school policies, regulations, rules, and expectations. The use of the word “Policy” in this handbook includes bylaws or policies adopted by the Board of Education. Although the information in this handbook is comprehensive, it is not intended to address every situation that may arise during a school day or school year. This handbook does not create a contract between the District and parents, students, or staff. The administration is responsible for interpreting the rules contained in the handbook to ensure the implementation of the school’s educational program and well-being of all students. If a situation arises that is not specifically addressed by this handbook, the administration may respond based on applicable law and policy.

The rules and information provided in this handbook may be supplemented or amended by the administration at any time, consistent with applicable law and policy.

If you ever have questions or concerns, please contact your school office. Please understand that changes to our daily procedures and practices may be necessary depending upon COVID transmission status, per Health Department guidance. Please refer to our district website (www.petoskeyschools.org) under ‘School Board Policy’ to view our updated district policies and guidelines.

There is nothing more precious than your child, and all of us at Central, Lincoln, Ottawa, and Sheridan Schools are honored by the fact that you have entrusted your child to us. We appreciate the important opportunity and rewarding pleasure of helping your child learn and grow.

Sincerely,

Your Petoskey Elementary Principal Team

Parent Involvement

Your child's success in school depends on many things, including your own participation in her or his learning. By reading to your child, asking about school activities, creating the right setting for homework, providing lots of encouragement, and supporting the school, you are able to show your child that learning and school are important.

Every parent (*and child!*) has talents. If you are interested in supporting the school, please contact your child's teacher or principal.

To help ensure the safety of our students, all adult volunteers who may work with students away from the supervision of staff are required to have a criminal background check completed. These volunteers will receive a form to complete and return to the principal. Per school district policy chaperones shall not use tobacco products in the presence of students, nor shall they consume any alcoholic beverages nor use any illicit drug during the duration of their assignment as a chaperone, including during the hours following the day's activities for students.

2023-2024 DAILY SCHEDULE

School Day Schedule

7:50 am - Secretaries on duty

8:00 am - Doors are open, breakfast students may enter, teachers are on duty, and students are admitted into the building.

8:10 am - The instructional school day begins. Students need to be in the classroom and ready to begin learning at this time.

11:00 am - 12:30 pm - Lunch & Recess periods. Each grade has 40 total minutes for lunch and recess.

3:05 pm - All elementary students are dismissed.

Because there is no student supervision before 8:00 am, the following rules are in effect:

1. Students who walk or are driven to school should arrive after 7:55 am.
2. Students are not allowed to use the playground facilities unsupervised before school.

School staff will supervise students on school grounds 10 minutes before the school day begins and 5 minutes after the school day ends. **Unless students are participating in a school activity, school staff will not provide supervision before or after these times.**

All teachers have phones in their classrooms. During the school day, you may leave a message at the teacher's phone number. Staff members check their messages after school, if possible. Email addresses and phone numbers for each staff member are available in your school office and on the website. For any urgent message, however, please call the office directly.

EMERGENCY SCHOOL CLOSING PROCEDURES

In the event of an emergency school closure, such as a bad weather day or when school is unexpectedly closed early, the District will notify students, parents, and the general public about the closure in the following manner:

The public will be notified as soon as the decision is made. Ordinarily, this will be done before 6:30 am and the announcement will be made over local radio and T.V. stations, at www.petoskeyschools.org and through the 'Be Alert' system. Please tune in to your local radio or T.V. station or check our website if you are unsure whether school has been canceled.

At times, changing weather conditions make it necessary to cancel school after classes have begun for the day. In this case, parents are notified through the same media as above, and are encouraged to listen to the local stations when poor weather conditions prevail. Children will be transported home in the same manner they normally use, unless special arrangements are made by the parent or guardian. An *Emergency Dismissal Form* will be sent to parents to complete at the start of the school year. Please contact the school secretary if changes occur later in the year.

Because many of our students are bussed, it is important for parents to understand that the decision to close school is made to ensure the safety of children on the buses. Decisions to close school are made by the Transportation Supervisor and Superintendent.

NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, “Protected Classes”), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

The District prohibits unlawful discrimination, including unlawful harassment and retaliation. The District will investigate all allegations of unlawful discrimination and will take appropriate action, including discipline, against any person who, following an investigation, is determined to have engaged in unlawful discrimination.

“Unlawful harassment” is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person’s membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person’s ability to benefit from the District’s educational programs or activities.

- **Race, color, and national origin harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct. Harassment based on ethnicity, ancestry, or perceived ancestral, ethnic, or religious characteristics is considered race, color, and national origin harassment.
- **Disability harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as disability-motivated physical threats, attacks, or other hateful conduct.
- **Sex-based harassment** can take many forms. For the definition of sex-based harassment, including sexual harassment under Title IX, see Policies 3118 and 5202. The District’s Title IX Policy is attached to this handbook as Appendix A.

Any student who witnesses an act of unlawful discrimination, including unlawful harassment or retaliation, is encouraged to report it to District personnel. No student will be retaliated against based on any report of suspected discrimination. A student may also anonymously report an incident of unlawful discrimination. The District will investigate anonymous reports pursuant to its investigation procedures described by Policy. Minor students do not need parent permission to file complaints or participate in the formal complaint resolution process described by Policy.

If you or someone you know has been subjected to **sex-based discrimination, harassment, or retaliation**, you may file a report with any District employee. Formal Complaints of sexual harassment must be filed with the Title IX Coordinator:

Rebecca Smith
1130 Howard St Petoskey Mi 49770
231-348-2352

smith.rl.t@northmen.org

If you or someone you know has been subjected to **disability-based discrimination, harassment, or retaliation**, you may file a complaint with:

Rebecca Smith
1130 Howard St Petoskey Mi 49770
231-348-2352

If you or someone you know has been subjected to **any other type of unlawful discrimination, harassment, or retaliation**, including unlawful conduct based on race, color, or national origin, you may file a complaint with:

Rebecca Smith
1130 Howard St Petoskey Mi 49770
231-348-2352

smith.rl.t@northmen.org

A report of unlawful discrimination, including unlawful harassment or retaliation, may be made orally or in writing.

A student found to have engaged in unlawful discrimination, including unlawful harassment or retaliation, may be subject to discipline, including suspension or expulsion, consistent with Policy 5206.

SECTION I: DISTRICT-WIDE POLICIES AND PROCEDURES

Attendance

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence to the school secretary.

The attendance policy for PSP elementary schools is as follows:

1. Parents have the responsibility to call the school if their child is to be absent for the day or for any part of the day. Please call the school office to report absences. Calls may be made to your school office 24 hours a day. Office hours are from 8:00 am to 4:15 pm, and you may leave a voicemail at all other times.
2. The school will contact parents of each student who is absent during the day if a call from the parent has not been received. These phone calls will be made between the hours of 9:00 am and 4:00 pm.
3. Parents are asked to please notify the school each day, even when the child is absent consecutive days.

Truancy officials will be contacted in the event of a student's excessive tardies or absences.

If a student arrives late, the student must sign in at the office. A student may only leave school early if the student's parent notifies the office or the student is an emancipated minor or 18 years old.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

- the student's physical or mental illness (a physician's verification is required after 4 consecutive days of absence for illness);
- severe weather;
- medical appointments for the student;
- death or serious illness of the student's family member;
- attendance at a funeral, wedding, or graduation;
- appearance at court or for other legal matters;
- observance of religious holidays of the student's own faith;
- college planning visits; and
- personal or family vacations.

A student who wishes to take a planned vacation will be excused if:

- A request is made at least five school days before the trip.
- A trip slip is signed by all of the student's teachers.
- This form is returned to the attendance office before leaving on the trip.

Students who are less than 10 minutes late are considered tardy.

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents if a student becomes ill at school and may ask that the parent pick up the student. A student who is absent due to illness has 1 day for each day of absence to complete missed assignments.

Students should stay home if the following conditions are present;

- If your child has a fever or is vomiting, please stay home.

Students may return to school if the following conditions are met;

- If they are Fever free, with no meds, for 24 hours they may return to school.
- If they have not vomited for 24 hours, they may return to school

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.
- Sign out of school at the office if leaving school during the school day.
- Make up all work that is assigned by teachers for the instructional time that has been missed.

For more information, see Policy 5301.

Students Leaving School

Children are permitted to leave school during school hours only when attended by an adult and when given permission from the principal. All schools require an adult to sign the child out at the office.

Children who must leave school by a “different” means of transportation, or must be picked up by someone else, including those who go somewhere other than their usual place after school, must bring a permission note to the office signed by their parent or guardian, (i.e., scout meetings, birthday party, etc.)

Students walking or riding a bus to a different location require a permission note signed by the parent or guardian. The permission note should be given to the office and then the bus driver to ensure the safety of your child.

Books and Supplies

The District will provide free instruction to all students and will not charge a fee for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bulletin Boards

Space may be provided within school buildings or on school electronic media for students and student organizations to post notices about student groups. Rules for posting on bulletin boards are found in Policy 5503.

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

Telephone Calls

Students are discouraged from making telephone calls unless it is an emergency. They must have the teacher's permission to call from school. Phone calls will be made for books, homework, or instruments only as a last resort.

Cell Phones and Electronic Devices *(Reference Board Policy 5209 for more information)*

While possession of cell phones and other electronic devices by students is discouraged at the elementary school level, students may use cell phones or other electronic devices while at school, so long as they do so safely, responsibly, and respectfully, and comply with all other school rules while using the devices.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The District is not responsible for theft, loss, or damage of any cell phone or other electronic device.

Students may not use cell phones or other electronic devices while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt or negatively affect the school environment.

School administrators and teachers may confiscate a student's cell phone or other electronic device if the student's use or possession of a cell phone or electronic device violates Board Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the student's parent to discuss the rule violation before returning the cell phone or electronic device.

Teachers may also develop classroom rules for use of cell phones and other electronic devices.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children's Protective Services Investigations

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers may establish classroom conduct rules that students must follow.

Closed Campus

The school campus is a closed campus. All students must remain on campus during school hours. The building principal or designee will release a student only after confirming with an authorized adult that the student has permission to leave campus.

Students who leave campus without authorization are subject to disciplinary action.

Nothing in this Policy prevents the school from sending a student home when the student is ill or for disciplinary purposes.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack of documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

Proper Attire

Good hygiene and appropriate dress and grooming are important in creating a positive school environment. Help your child dress appropriately by avoiding:

- Beachwear, short skirts and shorts, tight clothing without proper coverage, clothing that exposes undergarments, shoulders and/or midsection (longer-length shorts/skirts are acceptable)
- Outerwear, such as coats and hats, worn as indoor attire
- Clothing that is tattered or indecent, bears derogatory or disrespectful lettering or symbols or is designed to promote illegal substances or activities
- Inappropriate footwear – footwear should be age-appropriate, comfortable, safe and suitable for indoor or outdoor play. Flip flops are not safe for outdoor play

****Parents may be called to bring in appropriate clothing at the principal's discretion.***

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, Policy 5101, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Tops must have straps or sleeves and must cover the student's entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;
- Incites violence;
- Contains "fighting words";

- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Winter Clothing

Except when it is raining or too cold, all students are expected to go outside for recess each day. The following are suggestions to help your child enjoy recess during winter months:

1. Children are asked to wear clothing adequate for outdoor play in winter, including boots, a warm coat, hat, mittens or gloves, and snow pants.
2. If pants are likely to soak through, we suggest that an extra pair be kept in the locker or classroom so that dry clothing will be available after recess.
3. We request that parents write the child's name in every item of clothing that may be lost.
4. Parents need to be sure that children start to school in the morning wearing the clothing necessary for outdoor recess.
5. It is generally believed that students well enough to be in school are well enough to go outside for recess if properly clothed. During the winter months, students without boots will be limited to playing in only designated areas.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician's name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and non curricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and non curricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

Food Services

On-line Application Form: [Petoskey.familyportal.cloud](https://petoskey.familyportal.cloud)

The Michigan School Meals program was signed into law in the Fiscal Year 2024 Michigan State School Aid Budget. The funding allows for all Public School students, grades Pre-K to 12, to eat breakfast **and** lunch for free, regardless of the household income.

It is extremely important for all households to take a moment and complete the 2023-24 Public Schools of Petoskey School Meals and Summer EBT Application for free and reduced meals form, even if you think you will not qualify. (One application per household; 100% confidential when completed online: Petoskey.familyportal.cloud OR the completed paper application can be mailed to: Petoskey Food Service, 1500 Hill Street, Petoskey, MI 49770.)

The Application for Summer EBT and Education Benefits with the Michigan School Meals Program collects information needed to ensure the school receives state and federal funding for education programs. Without this information, the Public Schools of Petoskey could lose important state funding for educational programs that our students are entitled to. These supplemental grants and programs have the potential to offer supports and services for our students including, but not limited to:

- Instructional
- Teaching supplies and materials
- Counselors and Social Workers
- School Nurses
- Professional Learning

Breakfast and Lunch Prices: FREE for all students regardless of household income.

A milk by itself is NOT a meal. Students must take 3 of the 5 meal components to qualify for the Michigan School Meals Program.

Breakfast Times: 7:50 am – 8:10 am

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations either before or while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Head Lice

A student with nits within $\frac{1}{4}$ inch of the scalp or live lice may remain at school. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent and provide educational materials on head lice prevention and treatment.

District personnel will not ostracize or embarrass a student with lice or nits and will maintain student confidentiality.

If a student has a persistent infestation after 6 weeks or 3 separate cases within 1 school year, the District will form a team that may include the student's parents, teacher, social workers, or administrators to determine the best approach to resolve the issue.]

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Nicole Morrow
1130 Howard St Petoskey Mi 49770
231-348-2354

morrow.nm.y@northmen.org

For detailed information about Homeless Children and Youth, see Policy 5307.

Immunizations

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with Policy 5713 and state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy 5201. Students may be questioned by school officials at any time, without parent notice or consent, consistent with the District's obligation to maintain a safe and orderly learning environment.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Locker Use

Pursuant to Policy 5102, lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

Lockers, Desks, and Other School Property

Student lockers and desks are school property and remain under the control of the school district at all times. This also applies to vehicles used for school purposes. The school district exercises exclusive control over school property, including student lockers and desks. Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. However, students are expected to assume full responsibility for the security of their lockers and desks. Students are responsible for whatever is contained in desks and lockers issued to them by the school district. Periodic, general inspections of lockers, desks and other school property may be conducted by school authorities for any reason, at any time, without notice, without student consent, without parental consent, and without a search warrant.

Lost and Found

All lost and found items are to be taken to the main office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Media Center

Students must check out materials from the media specialist or designee on duty. Each borrower is responsible for all materials checked out in the borrower's name. A fine of five cents per day per item may be charged for overdue materials. Each student is responsible for any fine that accumulates on materials charged to the student. If materials are lost and not returned by the end of the semester, the student may pay for the replacement cost. Students must also pay for any damage they cause to materials.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy 5703.

Asthma Inhalers and Epinephrine Auto-Injectors/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy 5703. A minor student must also have written permission from the student's

parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

Additionally, the school must maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Playground/Recess Rules

Students must follow these rules during recess or while using the playground:

- Take turns & share
- Let everyone play
- Cheer & encourage others
- Be fair & play by the rules
- Stay on playground
- line up when asked
- keep hands, feet & objects to self
- Report problems to staff member
- Wear appropriate seasonal clothing

Students who violate these rules may be disciplined.

Staff will supervise students when the students use the playground or recess area during the school day or as part of a school activity. At all other times and circumstances, the District does not provide supervision of its playgrounds, equipment, or surrounding areas.

Protection of Pupil Rights

The District respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy as required by law. The policy is available on the District's website or upon request from the District's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent. A copy of the District's annual notice

to parents regarding the Protection of Pupil Rights Amendment is attached as Appendix C.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy 5309 for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Right to Request Amendment of Education Records

A parent or eligible student may request that a student's education record be amended if the parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights as explained in Policy 5309.

Directory Information

The District designates the following information as directory information:

"Directory information" is the information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The Board designates the following as directory information:

- A. student names, addresses, and telephone numbers;
- B. photographs, including photographs and videos depicting a student's participation in school-related activities;
- C. grade level;
- D. enrollment status (e.g., full-time or part-time);
- E. dates of attendance (e.g., 2013-2017);
- F. participation in officially recognized activities and sports;
- G. weight and height of athletic team members;
- H. degrees, honors, and awards received; and

The Board further designates District-assigned student email addresses as directory information for the limited purposes of: (1) facilitating the student's participation in and access to online learning platforms and applications; and (2) inclusion in internal school and District email address books.

School officials may disclose "directory information" without the prior written consent of a parent or eligible student unless the parent or eligible student specifically notifies the District that the parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

A Directory Information Opt Out Form is attached to this handbook as Appendix D. This form allows the parent or eligible student to elect not to have the student's directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as Appendix E before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Internet Safety

Students will be instructed in how to use computers safely and appropriately during their first several lab sessions while in elementary school. Students must pay close attention to this instruction and the Acceptable Use Policy so they can be safe and behave appropriately when using any Petoskey Schools' technology. **This policy must be reviewed and signed by the student and guardian annually.** By the time your child leaves elementary school, they should have the foundation for appropriate technology use in middle school.

Transportation Services

School Vehicle Rules

Transportation is offered to students as a privilege and students are always expected to cooperate with school staff and transportation drivers. All students must observe rules and regulations for the safety of all. In addition, students must comply with the Student Code of Conduct while in school vehicles.

If families wish to make an inquiry about transportation, please contact:

Don Johnson

Supervisor of Transportation

(231)487-9666 (7:45am-5:00pm)

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops. Arrive to your bus stop on time.

3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
4. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students may not throw or pass objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
11. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules also fall under the guidelines set forth in the PSP student handbook. Violations by students will be referred to the building principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and board policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Students who are not regular route riders may not ride the bus with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission must include the date, the non-route rider's name, the signature of the non-route rider's parent, and the place approved for drop off. District administration reserves the right to deny any request for non-route riders.

School Bus Safety

The National Transportation Safety Board contends that it is a proven fact that student discipline problems on buses are one of the major causes of school bus accidents.

Since bus transportation to school is considered an extension of the classroom, the board of education requires that students conduct themselves on school buses in a manner consistent with established standards of classroom behavior. Maintaining general classroom conduct while waiting at bus stops and riding on buses is important if safe conditions are to exist. Strict observance of rules governing the behavior of riders is necessary to avoid accidents and injuries.

While the law permits the school district to furnish transportation, it does not relieve parents or guardians of students from the responsibility of supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day.

Once a child boards the bus, and only at that time, does he or she become the responsibility of the school district. Such responsibility ends when the child is transported to the regular bus stop at the close of the school day.

Although the safety record of drivers in Michigan is commendable, bus drivers must always be alert to student behavior problems as well as the operation of the bus itself. Therefore, the following rules are endorsed by the Public Schools of Petoskey:

1. Arrive at your bus stop on time. If a driver waits one minute for each of ten different riders, the bus would be ten minutes behind schedule.
2. Wait for your bus in a safe place. Keep off the road at all times.
3. Board the bus in an orderly manner. Wait for the bus to come to a complete stop before entering. Do not crowd or push; wait your turn.
4. Move directly to a seat; take the assigned seat if designated by the bus driver. Bus seats are designed to hold three passengers to a seat.
5. Remain in the seat until leaving the bus. For your safety, do not leave your seat until the bus has come to a complete stop at your bus stop.
6. Leave the bus only by the front door.

7. Obey the instructions of the bus driver (or in case of an emergency, other supervisory personnel such as a teacher).
8. Refrain from undesirable conduct on the bus. Fighting, wrestling, throwing things, unnecessary loud talk, and other undesirable conduct cannot be tolerated on the bus. Your bus driver must not be distracted from his/her driving responsibility.
9. Do not extend any portion of your body outside of the bus windows.
10. Report any bus damage to the driver immediately.
11. Cross the road after leaving the bus by using the following procedure:
 - a. Walk 10 feet in front of the bus;
 - b. Stop; look both ways for traffic;
 - c. If traffic is clear, walk across the road;
 - d. Do not attempt to retrieve mail from the mailbox until the bus is out of sight.
12. Refrain from eating on the bus. Cooperation is needed to keep your bus clean and sanitary.
13. Any rider inflicting damage to the bus shall reimburse the cost of any damage.
14. Students wishing to ride a bus home with a friend, relative or a daycare provider must have the following prior to transporting:
 - a. Bus garage approval verifying room for the student(s) on the bus.
 - b. A permission slip signed by the parent or guardian verifying a change in drop-off address and the date. This slip is to be given to the bus driver each day they ride.
15. A student may possess a cellular phone, electronic communication device, (ECD), or picture taking device while he/she is riding on the school bus, provided that the cellular phone, ECD or picture taking device remains off unless permission is given by the driver.
16. Be courteous to the driver and other passengers. Your cooperation with the above rules will help to make your school bus ride a safe and enjoyable experience.

For those riders who fail to follow the established rules, temporary loss of riding privileges will occur. In such cases, the student will be directed to have his/her parent/guardian telephone the Supervisor of Transportation before being allowed to ride the bus again. Repeated or serious misconduct on the part of a rider may result in the permanent loss of riding privileges.

If parents/guardians wish to make an inquiry about bus transportation, they should contact Mr. Don Johnson, Supervisor of Transportation (348-0178 from 7:45 a.m. to 5:00 p.m.). If further inquiry is necessary, they should contact the principal of their child's school:

1. Ride in a single file, always in a straight line.
2. Go the same direction as traffic and stay close to the curb.
3. Walk your bike across busy streets and crosswalks.
4. Lock your bike at school, using the bike racks provided. Lock your wheel and frame.
5. Always ride one person on a bike.
6. Familiarize yourself with all traffic signs and signals.
7. We encourage all students to license their bicycle through the Petoskey Department of Public Safety.
8. We encourage students to wear a helmet.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Policies 5210 or 5805, applicable law, or a District employee.

Withdrawal From School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

SECTION II: ACADEMICS

To encourage students and parents to stay apprised of student academic information, grades, attendance, and other information can be accessed via Powerschool.

To register for PowerSchool, contact your elementary school secretary.

Grades

Report cards will be issued at least once each semester. Grades are calculated using the following grading scale:

5418-F Grade Change Procedure

Consistent with Policy 5418, the Superintendent establishes the following procedures to address requested grade changes:

- A. Grade changes will only be considered within 10 school days of the completion of a reporting period.
- B. The grade change request will first be submitted to the student's teacher of record. If the teacher declines to provide written grade change authorization as requested, the student's parent/guardian may appeal the teacher's denial in writing to the building administrator or designee.
- C. The building administrator or designee will review the grade change request in light of applicable Board policies (e.g., attendance, discipline) and applicable grading guidelines.
- D. The building administrator or designee will further review the request in light of extenuating personal or academic circumstances asserted by the student or parent/guardian.
- E. Following the above review, the building administrator will take action upon the request. Actions may include: (a) granting the request; (b) denying the request; or (c) taking such other action as is appropriate, in light of applicable policies, guidelines, and extenuating circumstances (e.g., granting the request only upon completion of missing or extra assignments).
- F. The building administrator or designee's review should be completed within 10 business days of its receipt, absent extenuating circumstances.
- G. The building administrator or designee will notify the student's parent/guardian in writing of the appeal's disposition within two days of completion of the appeal's review.

The building administrator or designee's decision about grade appeals is final.

Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact their student's teacher.

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

A parent who believes their student is eligible for special education or accommodations due to a disability or suspected disability should contact:

Jennifer Lorence
jlorence@northmen.org
(231) 348-2235

Summer School

Academic support is offered to students meeting the identified criteria during the months of June and July. Students are identified by their achievement and growth on standardized assessments, daily classroom work, classroom assessments and teacher recommendations. Once identified the school district partners with parents to determine interventions to best support the needs of the student. Summer support is structured to provide multiple opportunities for students to improve their skills while participating in motivating and engaging activities.

SECTION III: STUDENT CLUBS, ACTIVITIES, AND ATHLETICS

Students are encouraged to participate in the various student clubs, activities, and athletics offered by the District.

Please visit the office of your elementary school for a list of clubs, activities, and athletics.

A student's failure to comply with Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while participating in or attending a student club, activity, or athletic competition, meeting, event, or practice, may result in disciplinary action.

Extracurricular Activities

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

Student athletes are also subject to the Athletic Code of Conduct (see Appendix F) and any applicable team rules.

For more information, see Policy 5507.

Student-Initiated Non-Curricular Clubs

Students may voluntarily form clubs that are not directly related to the school curriculum to promote activities unrelated to curriculum. Membership in a student-initiated, non-curricular club must be open to all interested and eligible District students, and the club may not refuse membership to a student based on any protected classification under state or federal law.

For more information about student-initiated non-curricular clubs, including how to form a club, see Policy 5510.

Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor.

SECTION IV: BEHAVIOR, DISCIPLINE AND CODE OF CONDUCT

Behavior and Discipline

Keeping schools safe for students and staff is a top priority at the Public Schools of Petoskey. Student and staff safety depend on the compliance with these policies.

The District will take steps to effectively discipline students in a manner that appropriately minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices. Restorative practices are practices that emphasize repairing the harm to the victim and the school community caused by the misconduct.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Students who are eligible for special education services under the Individuals with Disabilities Education Act (IDEA) or under Section 504 of the Rehabilitation Act of 1973 will have the District's discipline policies applied in a manner consistent with their rights under federal and state law.

Positive Behavior Intervention Supports (PBIS)

We follow the PBIS approach to supporting and managing student behavior at the Public Schools of Petoskey.

- PBIS is an effective research based model.
- PBIS increases instructional time.
- PBIS is a whole school approach.
- Early intervention reduces the need for IEPs.

Below is the **PSP behavior expectations matrix** that we utilize with all students, staff, and visitors to our buildings. We explicitly teach these to all students, and we positively recognize students who comply with awards and other recognition. Also included is the poster of our voice level expectations that correlate to all areas of school expectations. Please feel free to contact your principal with any questions you may have.

This section of the handbook deals with discipline policies. Not every situation is covered; however, students are expected to use reasonable judgment and avoid activities that might

be viewed as prohibited by school officials. Student safety and welfare depends on compliance with these policies, which apply while students are in school, going to or from school or at any school activity on or off campus, such as off-site learning and student travel.

The district intends to keep its schools safe for students and staff. Please help in this effort by speaking with your child about the importance of reporting to a responsible adult any incident that he or she feels could be dangerous or threatening to themselves or others.

In accordance with district staff and state and federal laws governing schools, school administrators and staff in Public Schools of Petoskey, when considering student discipline, will first consider restorative practices to remediate such offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption, and harassment and cyberbullying. Restorative practices are practices that emphasize repairing the harm to the victim and the school community caused by the student's misconduct. Unless otherwise provided under the Revised School Code or the Policies adopted by the Board of Education, where required to do so, restorative practices will be considered in addition to suspension or expulsion. Progressive discipline may be utilized in all disciplinary situations.

Students who are eligible for special education and related services under the Individuals with Disabilities Education Act ("IDEA") or under Section 504 of the Rehabilitation Act of 1973 shall have the District's discipline policies applied in a manner consistent with their rights under federal and state law.

Unacceptable Behaviors

A student's right to a public education carries with it a responsibility to know and observe school rules. These rules help minimize distractions which disrupt learning, and help to maintain a safe learning environment. Board of Education policies and, in some instances, state law, establish behavioral expectations and outline consequences of behavioral infractions. While all students have rights and privileges, all are expected to act in a reasonable manner at all times, going to and from school and during all school activities. Behaviors that are distracting or disruptive to the learning environment, or cause property or physical damage, may lead to disciplinary action. Such behaviors include, but are not limited to:

1. Malicious destruction or theft of school property, including books, supplies and furniture; littering or marking on furniture, walls, lockers, texts, etc.; or tampering with fire alarms and extinguishers. Students will be assessed repair or replacement costs for damaged or lost textbooks. Any student responsible for damage or destruction of school property will be expected to pay for it. Other disciplinary action may be taken to ensure school facilities are properly maintained.
2. Smoking or possessing tobacco in any form by anyone under age 18, per state law. This is in effect at school-related activities, on school property and on school buses 24 hours a day, seven days a week. Additionally, adults are not permitted to use tobacco products at any time in any building, facility or bus owned or operated by Public Schools of Petoskey.
3. Possession or use of electronic cigarettes, hookah pens or other similar devices.
4. Gambling; participating in games of chance or skill for money or profit; coercion, blackmail and extortion.
5. Name calling, intimidation, bullying, profanity, vulgarity, "hate" speech, abusive or

- derogatory comments or gestures, harassment or threats of violence.
6. Planning to fight, harassment, fighting (which can be pushing, punching or wrestling) or physically assaulting another student or employee.
 7. Defiant behaviors, ignoring rules or authority.
 8. Physical contact and displays of public affection such as hugging and kissing.
 9. Disruptive behaviors that interrupt the learning process or endanger the safety or health of others.
 10. Possession or use of matches, lighters, firecrackers, stink or smoke bombs, explosives, knives, weapons or look-alike weapons or any object which might be used to inflict bodily harm.
 11. Making a bomb threat.
 12. Possession or use of intoxicants, narcotics, depressants, stimulants, look-alike drugs or illegal substances on school property or at school activities.
 13. Loitering in school buildings or on school grounds without authorization.
 14. Students are not permitted to possess or use skateboards, roller blades, radios, cameras, laser pens, hand-held electronic games, MP3 players, iPods, video recorders/players, CD players or similar items or devices at school without administrative permission. These items will be confiscated and must be picked up by parents. If valuable items must be brought to school, they are to be checked in at the office. Public Schools of Petoskey will not be responsible for theft, loss or damage to any valuables brought to school.
 15. Possession or use of cell phones or other electronic communications devices (ECDs) by elementary students is prohibited at any time while in school or in a district vehicle unless permission has been given by an administrator – this includes text messaging and camera usage.
 16. Selling or buying any item from another student in school, except as authorized by the principal or for sale by the student store.
 17. Leaving school or grounds without proper authorization.
 18. Committing theft, forgery, cheating or plagiarism.
 19. Interfering with teachers or other school officials in the performance of their duties.

Disciplinary Actions

These procedures will be followed when major infractions of school rules, such as those listed above, occur:

1. Parents of offending students will be informed of the violation.
2. The principal may assign in-school suspension or keep students after school for discipline, special work projects, or academic make-up work. Transportation from school will be the responsibility of the student's parents.
3. An out-of-school suspension of one to ten days may be administered by the principal using the following guidelines:
 - a. Parents or guardians shall be notified before the student is suspended from school.
 - b. Students under suspension are not allowed on any school property, in school buildings, or admitted to any school function.
 - c. A parent conference will be held upon the return of the student from an out-of-school suspension.

The policy is based upon the belief that an individual does not have the right to infringe upon

the rights of others. Also, all people concerned with the school have the responsibility of creating a positive mood within the building, on school property, or at any school event. The student shall have the right of due process, including both a fair and impartial hearing on the merits and notice of the following:

1. The type of conduct that will subject the student to disciplinary action.
2. Notice of the specific charge against the student and the evidence supporting the charge.
3. Notice of date of hearing sufficiently in advance to permit preparation of the defense.
4. Notice of student's procedural rights at the disciplinary hearing.

The levels of dispositions are as follows:

1. After any suspension of 3 or more days, a parent/teacher/student meeting will be held before the student is able to return to school.
 2. For **office managed behavior**, the parents will be contacted by phone or mail.
 3. **Serious or Repeated office managed behavior** may result in suspension. Police, courts, and/or other referral services may be involved. Teachers of students accumulating more than 3 behavior referrals may be involved in the conference.
 4. **For chronic high level behavior problems office managed behavior**, a student may be suspended for up to 10 days. Parents and/or student and school personnel will work out the problems at hand. Police, courts, and/or other referral services may be involved. Parents may accompany students to class in lieu of suspension. Social probation may be put in place, which means he/she would not be allowed to participate in any activity outside of the regular school day (8:05-3:00), or participate in lunch recess or free-time.
 5. Students referred for discipline for any behavior offense in violation of Michigan Law (weapons, arson, false alarms) will be immediately suspended and expulsion proceedings before the Superintendent may be initiated.
 6. Any behavior referral forms received in the last 2 weeks of school will follow the regular school policy.
- Detention after the school year ends may also be assigned.

Forms of School Discipline & Applicable Due Process

After-School Detention

Teachers and administrators may require students to stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of detention so that parents may make transportation arrangements for the student the following day.

Saturday School

The building administrator may require a student to attend Saturday School. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Snap Suspension - Suspension from Class, Subject, or Activity by Teacher

A teacher may suspend a student from any class, subject, or activity for up to 1 full school day if the teacher has good reason to believe that the student:

- intentionally disrupted the class, subject, or activity;
- jeopardized the health or safety of any of the other participants in the class, subject, or activity; or
- was insubordinate during the class, subject, or activity.

Any teacher who suspends a student from a class, subject, or activity must immediately report the suspension and its reason to the building principal or designee. If a student is suspended from a class, subject, or activity, but will otherwise remain at school, the building principal or designee must ensure that the student is appropriately supervised during the suspension and, if the student is a student with a disability, that all procedures applicable to students with disabilities are followed.

Any teacher who suspends a student from a class, subject, or activity must, as soon as possible following the suspension, request that the student's parent attend a parent/teacher conference to discuss the suspension. The building principal or designee must attend the conference if either the teacher or the parent requests the building principal's attendance. The building principal or designee must make reasonable efforts to invite a school counselor, school psychologist, or school social worker to attend the conference.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary

action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

A parent or student may appeal the Superintendent or designee's decision to the Board. The appeal must be submitted to the Board within 3 calendar days of the decision. The Board will hear the appeal at its next regularly scheduled meeting. The Board's decision is final. The student's suspension will run while the appeal is pending.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

The Student Code of Conduct establishes the rules governing the most serious and obvious types of student misconduct. The prohibited acts listed in this Student Code of Conduct are not to be considered as an all-inclusive list or as a limitation upon the authority of school officials to deal appropriately with violations of a school building's individual rules and regulations, or other types of conduct which interfere with the good

order of the school system, the proper functioning of the educational process, or the health and safety of students.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. the student's age;
2. the student's disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

The Public Schools of Petoskey must balance the interests of students and the community in a safe and conducive educational environment with its duty to provide educational services to students who engage in misconduct or behaviors that interfere with the safety and the delivery of educational services. Board of Education policies addressing student misconduct and this Student Code of Conduct are intended to strike that balance. However, these documents do not limit the School District's lawful authority.

APPENDIX A: TITLE IX SEXUAL HARASSMENT

1 Series 3000: Operation, Finance, and Property

1 3100 General Operations

3118 Title IX Sexual Harassment

Consistent with Policy 3115, the District prohibits unlawful sex discrimination, including harassment and retaliation, in any of its education programs or activities in accordance with Title IX of the Education Amendments of 1972 and corresponding implementing regulations.

This Policy addresses allegations of sexual harassment under Title IX. Allegations of other forms of sex discrimination should be addressed under the District's non-discrimination or anti-harassment policies (Operations Policy 3115, Employee Policies 4101, 4102, 4104 for, or Student Policy 5202). Allegations alleging both Title IX sexual harassment and other forms of unlawful discrimination and harassment (e.g., race, age, disability) that cannot be reasonably separated into two distinct complaints should be investigated under this Policy. Investigating other forms of discrimination, including harassment, through this Policy, will fulfill the District's investigation requirements under Policies 4104 or 5202, but nothing in this paragraph limits the District's right to determine at any time during the Grievance Process that a non-Title IX complaint allegation should be addressed under Policies 4104 or 5202 or any other applicable Policy.

The Board directs the Superintendent or designee to designate persons to serve as Title IX Coordinator, Investigator, Decision-Maker, and Appeals Officer. If a Formal Complaint is made under this Policy against the Superintendent, the Board President will designate the persons who will serve as the Investigator, Decision-Maker, and Appeals Officer and will work with the Title IX Coordinator to ensure that all other requirements of this Policy are met. If a Formal Complaint is made against the Board President, the Board Vice President will designate who will serve as the Investigator, Decision-Maker, and Appeals Officer.

The Investigator, Decision-Maker, and Appeals Officer cannot be the same person on a specific matter, and the persons designated to serve in those roles may or may not be District employees.

Inquiries about Title IX's application to a particular situation may be referred to the Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

A. Definitions

For purposes of this Policy, the below terms are defined as follows:

1. "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:

- a. A District employee conditioning the provision of a District aid, benefit, or service on a person's participation in unwelcome sexual conduct;
- b. Unwelcome conduct that a reasonable person would determine to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
- c. Sexual assault, dating violence, domestic violence, or stalking, as defined by the Violence Against Women Act, 34 USC § 12291 et. seq., and the uniform crime reporting system of the Federal Bureau of Investigation, 20 USC 1092(f)(6)(A)(v).
 - i. "Sexual assault" means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
 - ii. "Dating violence" means violence committed by a person who is or has been in a romantic or intimate relationship with the Complainant. The existence of such a relationship is based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
 - iii. "Domestic violence" means felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the Complainant, person with whom the Complainant shares a child, person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Michigan; or any other person against an adult or youth Complainant who is protected from that person's acts under the domestic or family violence laws of Michigan.
 - iv. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (1) fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.
- 2. "Actual Knowledge" means notice of sexual harassment or allegations of sexual harassment to the District's Title IX Coordinator or any District employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only District employee with actual knowledge is the Respondent.
- 3. "Appeals Officer" is the person designated by the District to handle appeals of a dismissal or determination of responsibility for matters investigated under this Policy. The Appeals Officer may not be the same person as the Investigator, Title IX Coordinator, or Decision-Maker on a specific matter.

4. "Complainant" is a person who is alleged to be the victim of conduct that could constitute Title IX sexual harassment.
5. "Consent" means a voluntary agreement to engage in sexual activity by a person legally capable of consenting. Someone who is incapacitated cannot consent. Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Coercion, force, or threat of either invalidates consent. Sexual conduct or relationships between District employees, volunteers, or contractors and students, regardless of age or consent, are prohibited.
6. "Day," unless otherwise indicated, means a day that the District's central office is open for business.
7. "Decision-Maker" is the person designated by the District to review the investigation report and provide a written determination of responsibility that provides the evidentiary basis for the Decision-Maker's conclusions. The Decision-Maker may not be the same person as the Investigator, Title IX Coordinator, or Appeals Officer on a specific matter.
8. "Education Program or Activity" means any location, event, or circumstance over which the District exhibits substantial control over both the Respondent and the context in which the harassment occurred.
9. "Formal Complaint" means a written document or electronic submission signed and filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the sexual harassment allegation.
10. "Grievance Process" is the process by which the District handles Formal Complaints.
11. "Investigator" is the person designated by the District to investigate a Title IX Formal Complaint or report. The Investigator cannot be the same person as the Decision-Maker or Appeals Officer on a specific matter. The Title IX Coordinator may serve as the Investigator on a particular investigation, unless the Title IX Coordinator signed the Formal Complaint.
12. "Report" means an account of Title IX sexual harassment made by any person (regardless of whether the reporting party is the alleged victim).
13. "Respondent" is a person who has been reported to be the perpetrator of conduct that could constitute Title IX sexual harassment.
14. "Supportive Measures" are non-disciplinary, non-punitive, individualized services offered and implemented by the Title IX Coordinator as appropriate, as reasonably available, and at no-cost to the Complainant and the

Respondent before or after the filing of a Formal Complaint or when no Formal Complaint has been filed. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment.

15. "Title IX Coordinator" is the person(s) designated by the District to coordinate the District's Title IX compliance. The Title IX Coordinator may not be the same person as the Appeals Officer or Decision-Maker on a specific matter. A person not serving as a Title IX Coordinator in a particular investigation is not disqualified from serving in another role in that investigation. The Title IX Coordinator may also serve as the Investigator on a particular investigation, unless the Title IX Coordinator signed the Formal Complaint.

B. Posting Requirement

The Title IX Coordinator's contact information (name or title, office address, electronic mail address, and telephone number), along with the District's Title IX nondiscrimination statement must be prominently posted on the District's website and in any catalogs or handbooks provided to applicants for admission or employment, students, parents/guardians, and unions or professional organizations with a collective bargaining or professional agreement with the District.

The District will provide notice of this Policy to all applicants, students, parents/guardians, employees, and unions or professional organizations with a collective bargaining or professional agreement with the District by prominently posting this Policy on its website and referencing this Policy in its handbooks, which will include the Title IX Coordinator's name or title, office address, electronic mail address, and telephone number.

C. Designation of Title IX Coordinator

The District designates the following person(s) as the Title IX Coordinator(s):

Director of Teaching and Learning
1130 Howard Street
231-348-2352
TitleIXCoordinator@northmen.org

D. Reporting Title IX Sexual Harassment:

Any person who witnesses an act of sexual harassment is encouraged to report it to a District employee. No person will be retaliated against based on any report of suspected sexual harassment or retaliation.

A person may also anonymously report an incident of sexual harassment or retaliation. The District will investigate anonymous reports pursuant to its investigation procedures described below.

A person who has been the subject of sexual harassment or retaliation may report that behavior to the Title IX Coordinator or any District employee. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator by the end of the next day.

A person may make a report at any time, including non-business hours. Reports may be filed in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that result in the Title IX Coordinator receiving the person's verbal or written report.

E. General Response to Sexual Harassment

1. Actual Knowledge without Formal Complaint Being Filed

Upon actual knowledge of Title IX sexual harassment, the Title IX Coordinator must respond promptly in a manner that is not deliberately indifferent. The District will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

The Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint.

If the Complainant does not file a Formal Complaint or if another person informs the Title IX Coordinator of an allegation of sexual harassment, the Title IX Coordinator must evaluate the information and determine whether to sign and submit a Formal Complaint. If the Title IX Coordinator determines not to sign and submit a Formal Complaint, the Title IX Coordinator must address the allegations in a manner that is not deliberately indifferent.

2. Formal Complaint Filed

Upon the receipt of a Formal Complaint, the District must follow the Grievance Process in Section F of this Policy. A Formal Complaint may be submitted using the Title IX Sexual Harassment Formal Complaint Form.

3. Equitable Treatment

The District will treat the Complainant and Respondent equitably throughout the Grievance Process. This may include offering supportive measures as described in Subsection E(5) of this Policy.

4. Documentation and Recordkeeping

The Title IX Coordinator will document all sexual harassment reports, as well as any incidents of sexual harassment that the Title IX Coordinator personally observes.

The District will retain this documentation in accordance with applicable record retention requirements in Section P of this Policy.

5. Supportive Measures

The Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, with or without the filing of a Formal Complaint. If the District does not provide a Complainant with supportive measures, then the Title IX Coordinator must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or taking or describing additional supportive measures.

The District may provide, as appropriate, non-disciplinary, non-punitive individualized services to the Complainant or Respondent before or after the filing of a Formal Complaint or when no Formal Complaint has been filed.

Supportive measures should be designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party.

Supportive measures are offered without charge to all parties and are designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment.

Supportive measures may include, but are not limited to:

- a. District-provided counseling;
- b. Course-related adjustments, such as deadline extensions;
- c. Modifications to class or work schedules;
- d. Provision of an escort to ensure that the Complainant and Respondent can safely attend classes and school activities; and
- e. No-contact orders.

All supportive measures must be kept confidential, to the extent that maintaining such confidentiality would not impair the District's ability to provide the supportive measures.

6. Respondent Removal

a. Emergency Removal (Student)

The District may only remove a student Respondent from a District program or activity if, following an individualized safety and risk analysis, the District determines that there is an immediate threat to the physical health or safety of any student or other person arising from the sexual harassment allegations. The District must provide the Respondent with notice and an opportunity to immediately challenge the removal decision. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

b. Administrative Leave (Employee)

The District may place an employee Respondent on administrative leave during the pendency of the Grievance Process. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

2. Law Enforcement

In appropriate circumstances, the Title IX Coordinator will notify law enforcement or Child Protective Services, consistent with Policies 4202, 5201, and 5701.

The District will attempt to comply with all law enforcement requests for cooperation with related law enforcement activity. In some circumstances, compliance with law enforcement requests may require the District to briefly suspend or delay its investigation. If an investigation is delayed, the District will follow the procedures described in Subsection F(1) of this Policy to notify the parties, in writing, of the delay.

The District will promptly resume its investigation as soon as it is notified by the law enforcement agency that the law enforcement agency has completed its evidence gathering process. This delay should not exceed 10 days.

If the District's investigation is suspended or delayed, supportive measures will continue during the suspension or delay. If the law enforcement agency does not notify the District within 10 days that the District's investigation may resume, the District will notify the law enforcement agency that the District intends to promptly resume its investigation.

B. Grievance Process

1. Generally

The Grievance Process begins when a Formal Complaint is filed or when the Title IX Coordinator signs a Formal Complaint. The District will endeavor to complete the Grievance Process within 45-60 days, absent extenuating circumstances or delays as described below. The District will treat both the Complainant and the Respondent equitably throughout the Grievance Process.

Neither the Title IX Coordinator, the Decision-Maker, the Investigator, nor any person designated to facilitate an informal resolution process will have a conflict of interest or bias for or against Complainants or Respondents generally or for or against an individual Complainant or Respondent.

The Grievance Process requires an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a Complainant, Respondent, or witness.

Throughout the Grievance Process, there is a presumption that the Respondent is not responsible for the alleged conduct unless, in the determination of responsibility at the conclusion of the Grievance Process, the Decision-Maker finds the Respondent responsible for the alleged conduct.

At any point during the process, the Title IX Coordinator, Investigator, or Decision-Maker may temporarily delay the Grievance Process or permit a limited extension of time frames for good cause. Good cause may include absence of a party, party's advisor, or witness; concurrent law enforcement activity; or the need for accommodations (e.g., language assistance or accommodation of disabilities). If there is a delay or extension, the parties will receive written notice of the delay or extension and the reasons for the action.

Any disciplinary action resulting from the Grievance Process will be issued in accordance with Policies 4309, 4407, 4506, 4606, or 5206, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, and individual employee contracts.

After the investigation portion of the Grievance Process has concluded, the Decision-Maker will endeavor to issue determinations of responsibility within 10 days, absent extenuating circumstances.

2. Notice of Allegations

Upon receipt of a Formal Complaint, the District must provide written notice to the parties who are known at the time that includes:

- a. A copy of this Policy, which includes the District's Grievance Process, and any informal resolution process;

- b. The sexual harassment allegations, including sufficient details known at the time and with sufficient time so that parties may prepare a response before the initial interview. Sufficient details include parties involved in the incident, if known, the alleged conduct constituting sexual harassment, and the date and time of the alleged incident;
- c. A statement that the Respondent is presumed not responsible for the alleged conduct;
- d. A statement that a determination of responsibility is made at the Grievance Process's conclusion;
- e. A statement that the parties may have an advisor of their choice, who may be an attorney, although any attorney or advisor who is not a District employee will be at the party's own cost;
- f. A statement that the parties will be provided an opportunity to inspect and review any evidence before the investigation report is finalized; and
- g. If the Complainant or Respondent is a student, and the District's Student Code of Conduct addresses false statements by students during the disciplinary process, a citation to that portion of the Code of Conduct. If the Code of Conduct does not address false statements by students, the notice is not required to include any reference.

If, during the course of an investigation, the Investigator decides to investigate allegations that are not included in this notice, the District will provide notice of the additional allegations to the Complainant and Respondent.

3. Investigation

The District has the burden of proof and the burden to gather evidence sufficient to reach a determination of responsibility.

The District will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege unless the person holding such privilege has waived the privilege in writing.

The District may not access, consider, disclose, or otherwise use a party's medical records, including mental health records, which are made and maintained by a healthcare provider in connection with the party's treatment unless the District obtains that party's voluntary, written consent to do so for the Grievance Process.

The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory or exculpatory evidence. The Investigator cannot restrict parties from discussing

the allegations under investigation, nor can the Investigator restrict parties from gathering or presenting relevant evidence.

Parties may be accompanied by an advisor of their choice, including an attorney, in any meeting or Grievance Process proceeding. If a party chooses an advisor who is not a District employee, it will be at that party's own cost. The Superintendent or designee may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties (e.g., abusive, disruptive behavior or language will not be tolerated; advisor will not interrupt the investigator to ask questions of witnesses).

The Investigator must provide the date, time, location, participants, and purpose of all hearings (if any), investigative interviews, and meetings, to a party whose participation is invited or expected. Written notice must be provided a sufficient time in advance so that a party may prepare to participate.

As described in Section N of this Policy, retaliation against a person for making a complaint or participating in an investigation is prohibited.

The Investigator must ensure that the Complainant and Respondent have an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party has the opportunity to meaningfully respond to the evidence before the investigation's conclusion. This evidence includes (1) evidence upon which the District does not intend to rely in reaching a determination regarding responsibility and (2) inculpatory or exculpatory evidence obtained from any source.

Before the investigation's completion, the Investigator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 calendar days to submit a written response to the Investigator. The party's response must be considered by the Investigator before completing the final investigation report.

4. Investigation Report

The Investigator must create an investigation report that fairly summarizes relevant evidence and submit the investigation report to the Decision-Maker.

At least 10 calendar days before a determination of responsibility is issued, the Investigator must send the investigation report to each party for review and written response. Written responses to the investigation report must be submitted directly to the Decision-Maker.

5. Determination of Responsibility

The Decision-Maker cannot be the same person as the Title IX Coordinator, Investigator, or Appeals Officer.

Before the Decision-Maker reaches a determination of responsibility, and after the Investigator has sent the investigation report to the parties, the Decision-Maker must:

- a. Afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness; and
- b. Provide each party with the answers, and allow for additional, limited follow-up questions from each party.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant unless offered to prove that someone other than the Respondent committed the alleged misconduct, or the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

If the Decision-Maker decides to exclude questions from either party as not relevant, the Decision-Maker must explain the decision to the party proposing the questions.

The Decision-Maker must issue a written determination of responsibility based on a preponderance of the evidence standard (i.e., more likely than not) simultaneously to both parties. The written determination of responsibility must include:

- a. Identification of the sexual harassment allegations;
- b. Description of the procedural steps taken from the receipt of the Formal Complaint through the determination of responsibility, including any:
 - i. Notification to the parties;
 - ii. Party and witness interviews;
 - iii. Site visits;
 - iv. Methods used to collect evidence; and
 - v. Hearings held.
- c. Factual findings that support the determination;
- d. Conclusions about the application of any relevant code of conduct, policy, law, or rule to the facts;
- e. A statement of, and rationale for, the result as to each allegation, including:

- i. A determination of responsibility;
 - ii. Any disciplinary action taken against the Respondent (consistent with Policies 4309, 4407, 4506, 4606, or 5206, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, or individual employee contracts); and
 - iii. Whether remedies designed to restore and preserve equal access to the District's education program or activity will be provided to the Complainant.
- f. Appeal rights

See Section G of this Policy for appeal rights and procedures.

The determination of responsibility is final upon the date the parties receive the Appeals Officer's written decision or on the date on which an appeal is no longer timely.

B. Appeals

Notice of the determination of responsibility or dismissal decision must include notice of the parties' appeal rights.

Both parties may appeal a determination of responsibility or the decision to dismiss a Formal Complaint in whole or in part for the following reasons only:

1. A procedural irregularity that affected the outcome.
2. New evidence that was not reasonably available at the time the determination of responsibility or dismissal decision was made that could affect the outcome.
3. The Title IX coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent, generally or individually, that affected the outcome.

An appeal must be filed with the Decision-Maker or Title IX Coordinator within 5 days of the date of the determination of responsibility or dismissal decision.

Upon receipt of an appeal, the Appeals Officer will provide both parties written notice of the appeal and an equal opportunity to submit a written statement in support of, or challenging, the determination or dismissal decision.

The Appeals Officer must provide a written decision describing the result of the appeal and the rationale for the result to both parties simultaneously. Appeals based on procedural irregularity, conflict of interest, or bias must be decided within 10 days. Appeals based on new evidence must be decided within 30 days.

The Appeals Officer cannot be the same person who acts as the Title IX Coordinator, Investigator, or Decision-Maker on the same matter. The Appeals

Officer also cannot have a conflict of interest or bias against Complainants and Respondents generally or individually.

C. Informal Resolution

During the Grievance Process, *after* a Formal Complaint has been filed but *before* a determination of responsibility has been made, the District may offer to facilitate an informal resolution process. A Formal Complaint must be filed to initiate the informal resolution process.

Informal resolution does not require a full investigation and may encompass a broad range of conflict resolution strategies, including, but not limited to, arbitration, mediation, or restorative justice.

Informal resolution is not available for a Formal Complaint alleging that an employee sexually harassed a student.

A party is not required to participate in an informal resolution process.

When offering informal resolution, the Title IX Coordinator or Investigator must (1) provide both parties written notice of their rights in an informal resolution and (2) obtain written, voluntary consent from both parties to enter into the informal resolution process. The written notice must contain the:

1. Allegations;
2. Informal resolution requirements, including the circumstances under which the informal resolution precludes the parties from resuming a Formal Complaint arising from the same allegations;
3. Right to withdraw from informal resolution and resume the Grievance Process at any time prior to agreeing to a resolution; and
4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

D. Dismissal

1. Mandatory Dismissals

The Title IX Coordinator *must* dismiss a Formal Complaint if:

- a. The Formal Complaint's allegations, even if proven, would not constitute sexual harassment as defined in this Policy;
- b. The Formal Complaint's allegations did not occur in the District's programs or activities; or
- c. The Formal Complaint's allegations did not occur in the United States.

2. Discretionary Dismissals

The Title IX Coordinator or Investigator *may* dismiss a Formal Complaint if:

- a. The Complainant notifies the Title IX Coordinator in writing that the Complainant wishes to withdraw the Formal Complaint in whole or in part;
- b. The Respondent's enrollment or employment ends; or
- c. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination (e.g., several years have passed between alleged misconduct and Formal Complaint filing, Complainant refuses or ceases to cooperate with Grievance Process).

The Title IX Coordinator or Investigator will promptly and simultaneously notify both parties when a Formal Complaint is dismissed. The notice must include the reasons for mandatory or discretionary dismissal and the right to appeal. Appeal rights are discussed above in Section G of this Policy.

Dismissal of a Formal Complaint under this Policy does not excuse or preclude the District from investigating alleged violations of other policy, rule, or law, or from issuing appropriate discipline based on the results of the investigation.

E. Consolidation of Complaints

The Title IX Coordinator or Investigator may consolidate Formal Complaints where the allegations arise out of the same facts or circumstances. Where a Grievance Process involves more than one Complainant or more than one Respondent, references in this Policy to the singular "party," "Complainant," or "Respondent" include the plural, as applicable.

F. Remedies

The District will take appropriate and effective measures to promptly remedy the effects of sexual harassment. The Title IX Coordinator is responsible for the effective implementation of any remedies.

Appropriate remedies will be based on the circumstances and may include, but are not limited to:

1. Providing an escort to ensure that the Complainant and Respondent can safely attend classes and school activities;
2. Offering the parties school-based counseling services, as necessary;
3. Providing the parties with academic support services, such as tutoring, as necessary;
4. Rearranging course or work schedules, to the extent practicable, to minimize contact between the Complainant and Respondent;
5. Moving the Complainant's or the Respondent's locker or work space;

6. Issuing a “no contact” directive between the Complainant and Respondent;
7. Providing counseling memoranda with directives or recommendations;
8. Imposing discipline consistent with Policies 4309, 4407, 4506, 4606, or 5206, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, or individual employee contracts.

These remedies may also be available to any other student or person who is or was affected by sexual harassment.

After a determination of responsibility, the Title IX Coordinator should consider whether broader remedies are required, which may include, but are not limited to:

1. Assemblies reminding students and staff of their obligations under this Policy and applicable handbooks;
2. Additional staff training;
3. A climate survey; or
4. Letters to students, staff, and parents/guardians reminding them of their obligations under this Policy and applicable handbooks.

If the Complainant or Respondent is a student with a disability, the District will convene an IEP or Section 504 Team meeting to determine if additional or different programs, services, accommodations, or supports are required to ensure that the Complainant or Respondent continues to receive a free appropriate public education. Any disciplinary action taken against a Respondent who is a student with a disability must be made in accordance with the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act.

B. False Statements

Any person who knowingly makes a materially false statement in bad faith in a Title IX investigation will be subject to discipline, up to and including discharge or permanent expulsion. A dismissal or determination that the Respondent did not violate this Policy is not sufficient, on its own, to conclude that a person made a materially false statement in bad faith.

C. Confidentiality

The District will keep confidential the identity of a person who reports sexual harassment or files a Formal Complaint, including parties and witnesses, except as permitted or required by law or to carry out any provision of this Policy, applicable regulations, or laws.

D. Retaliation

Retaliation (e.g., intimidation, threats, coercion) for the purpose of interfering with a person's rights under Title IX is prohibited. This prohibition applies to retaliation against any person who makes a report, files a Formal Complaint, or participates in, or refuses to participate in a Title IX proceeding. Complaints alleging retaliation may be pursued in accordance with Policies 4104 and 5202.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this Section.

When processing a report or Formal Complaint of sexual harassment, pursuing discipline for other conduct arising out of the same facts or circumstances constitutes retaliation if done for the purpose of interfering with that person's rights under Title IX.

Any person who engages in retaliation will be disciplined in accordance with Policies 4309, 4407, 4506, 4606, or 5206, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, and individual employee contracts.

E. Training

All District employees and Board members must be trained on how to identify and report sexual harassment.

Any person designated as a Title IX Coordinator, Investigator, Decision-Maker, Appeals Officer, or any person who facilitates an informal resolution process must be trained on the following:

1. The definition of sexual harassment;
2. The scope of the District's education programs or activities;
3. How to conduct an investigation and the District's grievance process, including, as applicable, hearings, appeals, and informal resolution processes; and
4. How to serve impartially, including avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

Investigators must receive training on how to prepare an investigation report as outlined in Subsection F(4) above, including, but not limited to, issues of relevance.

Decision-Makers and Appeals Officers must receive training on issues of evidence and questioning, including when questions about a Complainant's prior sexual history or disposition are not relevant.

Any materials used to train District employees who act as Title IX Coordinators, Investigators, Decision-Makers, or who facilitate an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and

adjudications of Formal Complaints. These training materials will also be posted on the District's website.

F. Record Keeping

Records related to reports of alleged Title IX sexual harassment will be maintained by the District for a minimum of seven years. This retention requirement applies to investigation records, disciplinary sanctions, remedies, appeals, and records of any action taken, such as supportive measures.

The District will also retain any materials used to train Title IX Coordinators, Investigators, Decision-Makers, Appeals Officers, and any person designated to facilitate an informal resolution process.

G. Office for Civil Rights

Any person who believes that he or she was the victim of sexual harassment may file a complaint with the Office for Civil Rights (OCR) at any time:

U.S. Department of Education Office for Civil Rights
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
Phone: (216) 522-4970
E-mail: OCR.Cleveland@ed.gov

An OCR complaint may be filed before, during, or after filing a Formal Complaint with the District. A person may forego filing a Formal Complaint with the District and instead file a complaint directly with OCR. The District recommends that a person who has been subjected to sexual harassment also file a Formal Complaint with the District to ensure that the District is able to take steps to prevent any further harassment and to discipline the alleged perpetrator, if necessary. OCR does not serve as an appellate body for District decisions under this Policy. An investigation by OCR will occur separately from any District investigation.

APPENDIX B: ANTI-BULLYING

Series 5000: Students, Curriculum, and Academic Matters

2 5200 Student Conduct and Discipline

2 5207 Anti-Bullying Policy

All types of bullying, including cyberbullying, without regard to subject matter or motivating animus, are prohibited.

A. Prohibited Conduct

1. Bullying, including cyberbullying, a student at school is prohibited. Bullying is any written, verbal, or physical act, or electronic communication that is intended to or that a reasonable person would know is likely to harm one or more students directly or indirectly by doing any of the following:
 - a. substantially interfering with a student's educational opportunities, benefits, or programs;
 - b. adversely affecting a student's ability to participate in or benefit from the District's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
 - c. having an actual and substantial detrimental effect on a student's physical or mental health; or
 - d. causing substantial disruption in, or substantial interference with, the District's orderly operations.
2. Retaliation or false accusations against the target of bullying, anyone reporting bullying, a witness, or another person with reliable information about an act of bullying, are prohibited.

B. Reporting an Incident

If a student, staff member, or other person suspects there has been a bullying incident, the person must promptly report the incident to the building principal or designee, or to the Responsible School Official(s), as defined below.

A report may be made in person, by telephone, or in writing (including electronic transmissions). If a bullying incident is reported to a staff member who is not the building principal, designee, or a Responsible School Official, the staff member must promptly report the incident to the building principal, designee, or a Responsible School Official.

To encourage reporting of suspected bullying or related activities, each building principal, after consulting the Responsible School Official(s), will create,

publicize, and implement a system for anonymous reports. The system must emphasize that the District's ability to investigate anonymous reports may be limited.

Complaints that the building principal has bullied a student must be reported to the Superintendent. Complaints that the Superintendent has bullied a student must be reported to the Board President.

C. Investigation

All bullying complaints will be promptly investigated. The building principal or designee will conduct the investigation, unless the building principal or Superintendent is the subject of the investigation. If the building principal is the subject of the investigation, the Superintendent or designee will conduct the investigation. If the Superintendent is the subject of the investigation, the Board President will designate a neutral party to conduct the investigation.

A description of each reported incident, along with all investigation materials and conclusions reached, will be documented and retained.

D. Notice to Parent/Guardian

If the investigator determines that a bullying incident has occurred, the District will promptly notify the victim's and perpetrator's parent/guardian in writing.

E. Annual Reports

At least annually, the building principal or designee, or the Responsible School Official, must report all verified bullying incidents and the resulting consequences, including any disciplinary action or referrals, to the Board.

The District will annually report incidents of bullying to MDE in the form and manner prescribed by MDE.

F. Responsible School Official

The Superintendent is the "Responsible School Official" for this Policy and is responsible for ensuring that this Policy is properly implemented. This appointment does not reduce or eliminate the duties and responsibilities of the building principal or designee as described in this Policy.

G. Posting/Publication of Policy

The Superintendent or designee will ensure that this Policy is available on the District's website and incorporated into student handbooks and other relevant school publications.

The Superintendent or designee will submit this Policy to the MDE within 30 days after its adoption.

Training. The Responsible School Official will provide and require annual training opportunities for District personnel who have significant contact with students on preventing, identifying, responding to, and reporting incidents of bullying.

Educational Programs. The Responsible School Official will periodically arrange or otherwise provide educational programs for students and parents on preventing, identifying, responding to, and reporting incidents of bullying and cyberbullying. The Responsible School Official may arrange for teachers to address these same issues within the classroom curriculum.

H. Definitions

1. "At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether it is held on school premises. "At school" also includes any conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if the device or provider is owned by or under the control of the District.
2. "Telecommunications access device" means any of the following:
 - a. any instrument, device, card, plate, code, telephone number, account number, personal identification number, electronic serial number, mobile identification number, counterfeit number, or financial transaction device defined in MCL 750.157m (e.g., an electronic funds transfer card, a credit card, a debit card, a point-of-sale card, or any other instrument or means of access to a credit, deposit, or proprietary account) that alone or with another device can acquire, transmit, intercept, provide, receive, use, or otherwise facilitate the use, acquisition, interception, provision, reception, and transmission of any telecommunications service; or
 - b. any type of instrument, device, machine, equipment, technology, or software that facilitates telecommunications or which is capable of transmitting, acquiring, intercepting, decrypting, or receiving any telephonic, electronic, data, internet access, audio, video, microwave, or radio transmissions, signals, telecommunications, or services, including the receipt, acquisition, interception, transmission, retransmission, or decryption of all telecommunications, transmissions, signals, or services provided by or through any cable television, fiber optic, telephone, satellite, microwave, data transmission, radio, internet based or wireless distribution network, system, or facility, or any part, accessory, or component, including any computer circuit, security module, smart card, software, computer chip, pager, cellular telephone, personal communications device, transponder, receiver, modem, electronic mechanism or other component, accessory, or part of any other device that is capable of facilitating the interception, transmission, retransmission, decryption, acquisition, or reception of any telecommunications, transmissions, signals, or services.

APPENDIX C: PROTECTION OF PUPIL RIGHTS

A. Surveys, Analyses, and Evaluations

Parents/guardians may inspect any survey created by a third party before that survey is administered or distributed to their student. All survey inspection requests must be made in writing to the building principal before the survey's scheduled administration date.

The District must obtain written consent from a student's parent/guardian before the student is required to participate in a survey, analysis, or evaluation funded, in whole or in part, by the U.S. Department of Education that would reveal sensitive information. For all other surveys, analyses, or evaluations that would reveal sensitive information about a student, the District will provide prior notice to the student's parent/guardian and an opportunity for the parent/guardian to opt their student out.

Employees may not request or disclose the identity of a student who completes a survey, evaluation, or analysis containing sensitive information.

"Sensitive information" includes:

- political affiliations or beliefs of the student or the student's parent/guardian;
- mental or psychological problems of the student or the student's family;
- sexual behavior or attitudes
- illegal, anti-social, self-incriminating, or demeaning behavior;
- critical appraisals of other persons with whom the student has close family relationships;
- legally recognized privileges or analogous relationships, such as those with lawyers, physicians, and ministers;
- religious practices, affiliations, or beliefs of the student or the student's parent/guardian; or
- income (other than that required by law to determine eligibility for participating in a program or for receiving financial assistance under that program).

Parents/guardians may refuse to allow their students to participate in any non-emergency, invasive physical examination or screening that is: (1) required as a condition of attendance, (2) administered and scheduled by the District, and (3) not necessary to protect the immediate health and safety of a student.

“Invasive physical examination” means:

1. any medical examination that involves the exposure of private body parts; or
2. any act during an examination that includes incision, insertion, or injection into the body that does not include a hearing, vision, or scoliosis screening.

C. Collection of Student Personal Information for Marketing

No employee will administer or distribute to students a survey or other instrument for the purpose of collecting personal information for marketing or selling that information.

“Personal information” means individually identifiable information that includes:

1. student’s and parents’/guardians’ first and last name;
2. home or other physical address;
3. telephone number; or
4. Social Security Number.

This Policy does not apply to the collection, disclosure, or use of personal information for the purpose of providing educational services to students, such as:

1. post-secondary education recruitment;
2. military recruitment;
3. tests and assessments to provide cognitive, evaluative, diagnostic, or achievement information about students; or
4. student recognition programs.

B. Inspection of Instructional Material

Parents/guardians may inspect instructional material consistent with Policy 5401.

Elementary School/Middle School/High School***

Building/Program Name	User Name
-----------------------	-----------

This Agreement is entered into on: _____

This Agreement is between _____ (“Student” or “User”)
and _____ (“school”).

The purpose of this Agreement is to grant access to and define acceptable use of the school’s technology resources (“Technology Resources”).

Technology Resources are any type of instrument, device, machine, equipment, technology, or software that is capable of transmitting, acquiring, or intercepting any telephone, electronic, data, Internet, audio, video, or radio transmissions, signals, telecommunications, or services and include without limitation: (1) internal and external network infrastructure, (2) Internet and network access, (3) computers, (4) servers, (5) storage devices, (6) peripherals, (7) software, and (8) messaging or communication systems.

In exchange for the use of the school’s Technology Resources either at school or away from school, you understand and agree to the following:

- A. Your use of the school’s Technology Resources is a privilege that may be revoked by the school at any time and for any reason.
- B. You have no expectation of privacy when using the school’s Technology Resources. The school reserves the right to monitor and inspect all use of its Technology Resources, including, without limitation, personal email and voicemail communications, computer files, databases, web logs, audit trails, or any other electronic transmissions accessed, distributed, or used through the Technology Resources. The school also reserves the right to remove any material from the Technology Resources that the school, in its sole discretion, chooses to including, without limitation, any information that the school determines to be unlawful, obscene, pornographic, harassing, intimidating, disruptive, or that otherwise violates this Agreement.
- C. The Technology Resources do not provide you a “public forum.” You may not use the Technology Resources for commercial purposes or for political positions or candidates unless expressly authorized in advance by a teacher or administrator as part of a class project or activity. You may, however, use the Technology

Resources to contact or communicate with public officials provided you follow all other rules.

- D. The school's Technology Resources are intended for use only by registered users. You are responsible for your account/password and any access to the Technology Resources made using your account/password. Any damage or liability arising from the use of your account/password is your responsibility. Use of your account by someone other than you is prohibited and may be grounds for suspension from the Technology Resources and other disciplinary consequences for both you and the person(s) using your account/password. Likewise, using or accessing another person's account is prohibited and may be grounds for suspension from the Technology Resources and other disciplinary consequences for both you and the person whose account or password you used or accessed.

- E. You may not use the Technology Resources to engage in bullying, including cyberbullying. Bullying and cyberbullying are defined as:

Any written, verbal, or physical act, or any electronic communication, that is intended or that a reasonable person would know is likely, to harm one or more pupils either directly or indirectly by doing any of the following:

1. Substantially interfering with educational opportunities, benefits, or programs of one or more pupils;
2. Adversely affecting the ability of a pupil to participate in or benefit from the educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress;
3. Having an actual and substantial detrimental effect on a pupil's physical or mental health; or
4. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Use of other communication/messaging devices (including devices not owned by the school) to engage in bullying or cyberbullying may be grounds for discipline under the school's student code of conduct.

- F. If you misuse the Technology Resources, your access to the Technology Resources may be suspended and you may be subject to other disciplinary action, up to and including expulsion. Misuse includes, but is not limited to:

1. Accessing or attempting to access material that is "harmful to minors." Material that is "harmful to minors" includes any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the

- genitals; and (3) taken as a whole lacks serious literary, artistic, political, or scientific value as to minors.
2. Accessing or attempting to access material that is unlawful, obscene, pornographic, profane, or vulgar.
 3. Accessing or attempting to access material that is inappropriate for minors. Material that is inappropriate for minors includes all material described in Sections F.1 and F.2 of this Agreement.

 7. Hacking, which includes, without limitation, gaining or attempting to gain access to, modifying, or obtaining copies of information belonging to others or information you are not authorized to access.
 8. Unauthorized copying or use of licenses or copyrighted software.
 9. Plagiarizing, which includes the unauthorized distributing, copying, using, or holding out as your own, material that was written or created by someone else, without permission of, and attribution to, the author/creator.
 10. Posting or distributing confidential or inappropriate information meant to harass, intimidate, or embarrass others.
 11. Allowing someone else to use your account or password or not preventing unauthorized access to Technology Resources when leaving them unattended.
 12. Using or soliciting the use of or attempting to use or discover the account information or password of another user.
 13. Attempting to or successfully disabling security features, including technology protection measures required under the Children's Internet Protection Act ("CIPA").

 15. Commercial for-profit activities, advertising, political lobbying, or sending mass mailings or spam. You may contact a public official, however, to express an opinion on a topic of interest.

16. Copying, recording, or sharing any information received or obtained via the school's Technology Resources that includes personally identifiable information about any other student including, without limitation, videos, audio, documents, or other records that identify another student by name, voice, or likeness.
17. Using the Technology Resources in any way that violates any federal, state, or local law or rule, Policy, or the school's codes of conduct, or student handbooks.
- G. You must promptly disclose to your parent/guardian or teacher any content you view or receive over the Technology Resources that is inappropriate or that makes you feel uncomfortable, harassed, threatened, or bullied, or that contains sexually explicit content. You should not delete such content until instructed to do so by a school employee.
- H. It is the policy of the school, as a recipient of certain federal funds, to monitor the online activities of its minor students and provide technology protection measures on its computers with Internet access designed to prevent minors from accessing visual depictions that are: (1) obscene, (2) child pornography, or (3) harmful to minors.
- I. It is the policy of the school to prohibit its minor students from: (1) accessing inappropriate matter on the Internet; (2) engaging in hacking or other unlawful online activities; and (3) accessing materials that are harmful to minors. It is also the policy of the school to educate students about cyberbullying awareness and response and about appropriate online behavior, including disclosing, disseminating, or using personal information and safely and appropriately interacting with other individuals in social networking websites, chat rooms, by email, and other forms of direct electronic communications.
- J. The school does not guarantee that measures described in paragraphs H and I will provide any level of safety or security or that they will successfully block all inappropriate material from the school's students. You agree that you will not intentionally engage in any behavior that was intended to be prevented by paragraphs H and I.
- K. The school does not warrant or guarantee that its Technology Resources will meet any specific requirement or that they will be error free or uninterrupted; nor will the school be liable for any damages (including lost data, information, or time) sustained or incurred in connection with the use, operation, or inability to use the Technology Resources.
- L. You will return all Technology Resources to the school in good working order immediately on request.
- M. You are responsible for the proper use of the Technology Resources and will be held accountable for any damage to or replacement of the Technology Resources caused by your inappropriate use.

I agree to follow this Agreement and all rules and regulations that may be added from time to time by the school or its Internet Service Provider. I also agree to follow all rules in the applicable student code of conduct and handbook. As a condition of using the Technology Resources, I agree to release the school and its board members, agents, and employees, including its Internet Service Provider, from all liability related to my use or inability to use the Technology Resources.

I understand that data I send or receive over the Technology Resources is not private. I consent to having the school monitor and inspect my use of the Technology Resources, including any electronic communications that I send or receive through the Technology Resources.
