

Did you know?

- 1. The Public Schools of Petoskey's custodial team uses the latest technology to disinfect our facilities. We have invested in the Clorox Total 360, an electrostatic sprayer paired with Clorox trusted solutions. "It provides superior coverage through proven electrostatic technology and delivers Clorox disinfectants and sanitizers onto hard-to-reach surfaces."**
- 2. Enzymes in the chemicals used by our custodial team for cleaning work better with cold water.**
- 3. Petoskey School's is always looking for sub custodians. It's a great way to earn extra income.**

If you have questions or concerns, please contact:
